About

Euro Sans Pro – created by German type designer Ralph M. Unger - is a classical and modern Roman Sans Serif at the same time. The family comprises of 18 styles, each with more than 500 glyphs covering standard Latin, Central European, and Cyrillic. It is an all purpose typeface, a strong and expressive roman sans serif with a French touch to it. Euro Sans Pro provides excellent readability in all sizes, for small copy as well as for very large letters on posters and signs. The character complement also includes small caps and old style figures, and the corresponding OTF features are built into the fonts as well.
